CORE COMPETENCIES

IT Hardware Procurement

- End User Computing Devices
- Enterprise Server & Storage
- Enterprise Network Infrastructure
- Imaging & Output Devices

Systems Testing & Compliance

- IV&V
- 508 Accessibility Compliance
- Configuration & Integrity Audits

DIFFERENTIATORS

- **Veteran-led** and driven by responsibility, trust, and commitment to supporting fellow veterans.
- **Proven track record** in systems testing & QA.
- **Hiring and sourcing** start at home—and stay there at every level.
- **Vendor-agnostic** recommendations & procurement support.
- **100% supply chain traceability** and compliance with federal trade regulations for all procured IT hardware.

PAST PERFORMANCE

- **20+ years** of a proven track record supporting mission-critical environments for the DoD and DoS—across CONUS and OCONUS.
- **10 years** of delivering independent technical oversight, standardized configuration audits, and rigorous performance testing to ensure strict system integrity, compliance, and accessibility.
